

# Texas Commission on Environmental Quality

## Notice of Concentrated Animal Feeding Operation Application General Permit Authorization No. TXG921147

**Application.** Wheeler Land & Livestock, LLC, P.O. Box 364, Wheeler, Texas 79096 has applied to the Texas Commission on Environmental Quality (TCEQ) under General Permit No. TXG920000 for a non-substantial change to the terms of the nutrient management plan (NMP) previously submitted to the TCEQ. The applicant is decreasing the acreage of land management unit (LMU) #2 NJW from 125 to 122 acres to incorporate a rotation grazing pen at the center of the LMU, and correct the boundary of LMU #12 with no change to the acreage. The total land application area has decreased from 1,581 to 1,578 acres. Another proposed change is the revision to design calculations for the retention control structure (RCS). The required capacity for RCS #1 changed from 26.43 ac-ft to 29.86 ac-ft due to inclusion in the drainage area of a new shipping area and proposed pens in the former shipping areas. The typographical error (6.35 ac-ft) to the required capacity for RCS #3 was corrected in the database to 6.53 ac-ft. The facility maps were revised to reflect these changes. The authorized maximum capacity of 52,500 head of beef cattle remains unchanged. The notice of change application and the updated NMP were received by TCEQ on July 16, 2020.

No discharge of pollutants into the waters in the state is authorized by this general permit except under chronic or catastrophic rainfall conditions or events. All waste and wastewater will be beneficially used on agricultural land.

The facility is located 15495 Highway 152, Wheeler, Wheeler County, Texas. The facility is located in the drainage area of Sweetwater Creek in Segment No. 0299A of the Red River River Basin. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice.

The Executive Director of the TCEQ has approved the proposed non-substantial change to the terms of the NMP. The revised terms of the NMP have been included in the permit record and it is available at the TCEQ's Central Records, 12100 Park 35 Circle Austin, Texas 78753.

**Information.** For additional information about this application, contact Kayla Robichaux at (512) 239-4742. Si desea información en Español, puede llamar al 1-800-687-4040. General information regarding the TCEQ can be found at our web site at [www.tceq.texas.gov/](http://www.tceq.texas.gov/).
