1 # ENVIRO LABS ACCREDITED

Quarter 1	260.00	243.00	243.00	93.46 % *	247.00 - 273.00
------------------	--------	--------	--------	-----------	-----------------

Explanation of Variance: Performance is below the target for the number of environmental laboratories accredited. There has been a consistent trend in the consolidation of small laboratories with larger laboratories resulting in redundant capabilities and as a result, the overall number of accredited laboratories has decreased. Additionally, this is a voluntary program, and laboratories apply and withdraw from accreditation according to their business needs.

Quarter 2	260.00	247.00	247.00	95.00 % *	247.00 - 273.00

Quarter 1	66,000.00	2,636.00	2,636.00	3.99 % *	13,200.00 - 19,800.00
------------------	-----------	----------	----------	----------	-----------------------

Explanation of Variance: Performance is below the target for the number of small businesses and local governments assisted for the first quarter of FY 2023. This measure includes the number of notifications provided to the state's small businesses and local governments to keep them informed of regulatory changes that might affect them. Performance is below the target due to outreach projects that primarily use GovDelivery emails that are used throughout the year and are counted in the 4th quarter to avoid duplicates. For example, Public Water System operators may receive multiple emails on different topics throughout the year, so in order to not overstate the number of entities assisted, only the largest number for each group is counted and the totals are reported in the 4th quarter. The agency expects performance will exceed the target by the end of the fiscal year.

2 # ASSISTS BY SBAP

Quarter 2	66,000.00	2,575.00	5,211.00	7.90 % *	29,700.00 - 36,300.00
------------------	-----------	----------	----------	----------	-----------------------

Explanation of Variance: Performance is below the target for the number of small businesses and local governments assisted for the second quarter of FY 2023. This measure includes the number of notifications provided to the state's small businesses and local governments to keep them informed of regulatory changes that might affect them. Performance is below the target due to outreach projects that primarily use GovDelivery emails that are used throughout the year and are counted in the 4th quarter to avoid duplicates. For example, Public Water System operators may receive multiple emails on different topics throughout the year, so in order to not overstate the number of entities assisted, only the largest number for each group is counted and the totals are reported in the fourth quarter. The agency expects performance will exceed the target by the end of the fiscal year.

3-1-3 POLLUTION PREVENTION RECYCLING

1 # POLLUTION PREVENTION WORKSHOPS

Quarter 1	100.00	14.00	14.00	14.00 % *	20.00 - 30.00
------------------	--------	-------	-------	-----------	---------------

Explanation of Variance: Performance is below target for the number of presentations, booths, and workshops conducted on pollution prevention/waste minimization and voluntary program participation for first quarter of FY 2023. This measure is an indication of outreach and information dissemination of pollution prevention and voluntary program information to Texas businesses and organizations. Performance is below the target due to ongoing reduction in outreach opportunities.

Quarter 2	100.00	6.00	20.00	20.00 % *	45.00 - 55.00
------------------	--------	------	-------	-----------	---------------

Explanation of Variance: Performance is below target for the number of presentations, booths, and workshops conducted on pollution prevention/waste minimization and voluntary program participation. This measure is an indication of outreach and information dissemination of pollution prevention and voluntary program information to Texas businesses and organizations. Second quarter results are historically lower each fiscal year as this quarter presents fewer outreach opportunities.

4-1-1 STORAGE TANK ADMIN & CLEANUP

2 # PST CLEANUPS COMPLETED

Quarter 1	200.00	46.00	46.00	23.00 %	40.00 - 60.00
Quarter 2	200.00	70.00	116.00	58.00 % *	90.00 - 110.00

Explanation of Variance: Performance is above the target for the number of petroleum storage tank cleanups completed through the second quarter of FY 2023. This performance measure reflects program efforts to clean up leaking petroleum storage tank sites. Most cleanups are finalized after responsible parties complete all field work and formally request closure review. Performance exceeds the target because more requests for closure were received and completed this reporting period. The agency expects performance will meet the target by the end of the fiscal year.

4-1-2 HAZARDOUS MATERIALS CLEANUP

1 # VOLUNTARY CLEANUPS

Quarter 1	61.00	20.00	20.00	32.79 % *	12.20 - 18.30
------------------	-------	-------	-------	-----------	---------------

Explanation of Variance: Performance is above the target for the percent of voluntary and brownfield cleanup properties made available for redevelopment, community, or other economic reuse. This performance measure reflects the program's efforts to clean up sites relative to the number of applications accepted into the program. Performance exceeds the target due to the timely submittal by applicants of technical documents that met closure requirements.
